**A TURKISH QUAKE**

**Many Lives Lost During Earthquake in Turkey.**

CONSTANTINOPLE, June 14.—Scores of lives are now known to have been lost in the earthquake which yesterday destroyed the village of Serai, 50 miles east of Van, on the border of Persia. Details of the disaster are beginning to reach here, and they indicate that the earthquake was one of the most severe shocks felt in many years.

No complete list of the killed has been made, as the residents of the little town have not recovered from the panic. Half a dozen violent shocks were felt, bringing the roofs of houses down on the occupants. Minor shocks have occurred at intervals since, which have kept the people in a state of alarm.

Many persons were severely hurt. There are no means to care for the injured, and their sufferings are intense. Slight shocks were felt at Van. The greatest force of the shocks is believed to have been felt far eastward of Serai. No reports from that region have been received. It is feared when they are received the death list will be greatly increased.

**SANTOS DUMONT'S ESCAPE.**

Tried To Fly a New Combination Airship and Aeroplane.

PARIS, June 14.—Santos Dumont had a narrow escape today from sustaining serious injuries, if not losing his life. He started to try a new airship at daylight in a field at Bagatelles.

The machine was mounted on bicycle wheels and was speeding along at a rapid pace, preparatory to making a flight, when a bungling workman tightened the guide rope and caused the tail of a small balloon above the aeroplane to sag, with the result that the propeller touched the ground, rebounded and ripped open the gas bag.

Santos Dumont shut off the motor in time to prevent an explosion being caused by the escaping gas.

The aeronaut was badly shaken up, but is not discouraged, and will try again as soon as his combination balloon-aeroplane apparatus is repaired.

He hopes eventually to develop a speed of 100 kilometres an hour.

**NUN KIDNAPPED.**

Taken From Convent By Father and Brother Who Used Violent Methods.

ST. PAUL, Minn., June 14.—Sister Borromea, of the St. Clements' Catholic School, of Duluth, who was abducted by her father, Edward Diegle, superintendent of the St. Paul Terminal Railroad yards, and her uncle, arrived at her home in St. Paul today and divulged the plot.

She accused her father and his brother of the abduction that she might be prevented from entering the sisterhood of the Catholic Church, to which her father is opposed. Their plans, however, will fail, as the young woman has sworn to return to Duluth and take her vows. She said:

"I was kidnapped, pure and simple, but as soon as I get a chance I shall go back to the convent where I have spent the last five years."

**ANOTHER BROWNSVILLE KILLING.**

Prominent Business Man Killed Because of Investigation Testimony.

HOUSTON, Texas, June 14.—Colonel S. H. Wreford, a prominent business man, was shot and killed today at Brownsville as the result of a circular he issued yesterday in which he bitterly denounced Captain William Kelley because of Kelley's testimony before the Senate Committee, which is investigating the Brownsville affair in Washington. Jesse Thorham, a stepson of Captain Kelley is charged with the killing.

**REFUSES TO COMPLY WITH LAW.**

LITTLE ROCK, Ark., June 14.—The Iron Mountain Railroad refused to put the Rowell Eight-Hour Telegraphers' law into effect today, as provided by the statute. The road will set up many reasons for its failure to comply, the main one being that men cannot be secured. Another is that it will have the effect of closing of many small offices during the most important time of the day.

**HE GOT HIS MAN**

(Continued from page 1)

what of the woman? Mrs. Bowsby declined absolutely to make a statement. On being pressed to make some denial of her alleged guilt, or to make some statement either in condonation of her husband, or of Jennings or of herself, she refused to say a word. She is a woman of 38 or 40 years of age and is not prepossessing in appearance, whilst Jennings was but a lad of 22. Bowsby is a man of 48.

Mrs. Bowsby appears to have been enamored of the young man and to have been as much to blame in the original trouble as anyone. At any rate she is nearly old enough to have been the mother of the young fellow who now lies dead. She is at present staying with her two brothers, J. and W. Rorrell, who live in Astoria just beside the Scow Bay Foundry on Franklin and Eighteenth streets.

J. Bowsby, who did the killing, is an undertaker who lives at North Bend. The bullet he fired struck Jennings in the back just above the kidneys and ranging up slightly passed out in front just below the heart without actually touching the vital organ. It must have passed through the man's liver. Dr. Fulton says that, although no autopsy has been made and he cannot speak with certitude, the large size of the bullet (it was a .44), coupled with internal hemorrhage probably caused the wound to prove fatal. Jennings, he says, was conscious to the last.

Right in line with Jennings when he was shot was a young boy of eleven years of age, named Danny Ward, of whom Bowsby had volunteered to take care on his trip to North Bend. Other witnesses of the shooting were C. Ross, J. F. Flannigan, A. C. Berry and Fred Thorburn who all continued on their journey with the Alliance.

A sad feature of the affair is that Mr. and Mrs. Bowsby's young daughter was to graduate from the High School yesterday. They have also a young son, of 11 years.

Coroner Pohl says that preliminary inquest will be held today at about 1:30 but that after the jury have viewed the body, it will be immediately adjourned till the witnesses of the crime can be got together.

Bowsby, who came to town some time ago, was then arrested by the police. He had been uttering threats and had been behaving in an inconsequential and rather crazy way. He was relieved of a revolver at the police station.
